

IP01A Revolve- Features & Benefits

Feature	Benefit
Large central dish	Can accommodate several users or one child for a gentle spin
Deep dish	Children with impairments are cocooned safely in the dish
2 planes of movement – rocks & rotates	Stimulates more senses and has 2 play functions Provides greater anticipation because movement from the unit is not constant
Large rim surrounding dish	At ideal height for ease of transfer out of wheelchair Can sit on rim and self-propel using legs Several children can sit on the rim as the dish self-propels
Play experience dependent on user ability	Suits all ages and abilities
Polydek Rim	Provides excellent grip Less cold for sitting on than steel Fully recycled product
