

3-To-Connect helps children understand the decision-making process and develop logic.

We designed IP302 specifically for outdoor use, removing any small loose pieces.

Contrasting colours, braille and low height installation make this game accessible to everyone.

Incorporating problem-solving activity into a fun environment can increase learning potential.

Scale: 1:40

A4

|                 |                                            |
|-----------------|--------------------------------------------|
| Activities      | .. Social, games, problem solving          |
| Features        | .. Contrasting colours, braille            |
| Age Range       | .. +3                                      |
| No. of Users    | .. 2                                       |
| Falling Space   | .. 4.5m <sup>2</sup> / 48.4ft <sup>2</sup> |
| FFH             | .. 0.6m / 1.97ft                           |
